Mileage log

The IRS can deny a vehicle deduction that has no written record. Keep this in the car or fill it in weekly: date, where you went, why and how far.

Vehicle

Year, make and model

Date first used for business

Tax year

Odometer on January 1

Odometer on December 31

Total miles driven

2026 rates per mile. Business: 72.5 cents from January 1 to June 30, then 76 cents from July 1. Medical: 20.5 cents, then 23.5 cents from July 1. Charity: 14 cents all year. Keep the two halves of the year separate.

Date	From and to	Business purpose	Miles

Trips between home and your regular place of work are commuting and do not count. Trips from one work site to another, to clients, to the bank or to buy supplies do.
